

★ Being a column in which the publisher just "blows off the steam"

By JUNE JONES

A WIFE is a mighty good asset for a feller to have around at times. We clipped the following definition of a wife from an exchange coming to our desk:

A wife is the girl you married. She likes flowers, chocolates, smart clothes and going places as much as the day you married her. If you can't give her these, a kiss that says "I love you" will do.

A wife is a steam laundry, a house cleaning service, a cook, a commissary and a lavatory attendant to your babies. She is a mother, nurse, counsellor and sock danner. She is a detective and quickly locates the screw driver that you left right there three weeks ago and that the children have carried away.

A wife is a magician. Your favorite shirt appears where she said it was when she comes to look for it, and in a flash she can produce order in a house that you and the children have run through with a bulldozer.

A wife licks your wounds, bolsters your ego, and has faith and persistence that will cause you to move mountains. She is a safety valve when you must blow off steam at someone. She knows you as a small boy at heart who has never grown up, and that when you have a cold, it is much worse than when she has a cold!

★ SPEAKING OF WIVES, we recently got another view of just how contrary they might get, from the story below:

A notoriously nagging wife re-lented and bought her husband two neckties for his birthday. The following morning he donned one and made a grand entrance for breakfast.

"Humph," snorted the nagger when she saw him, "so you you don't like the other one, eh?"

★ FOSTER COOK, new superintendent of schools at Hamlin was fast becoming adjusted to his new routine here this week. He succeeds I. R. Huchingson, who recently resigned to become connected with the Texas Lions Club Crippled Children's Home at Kerrville.

"I am delighted with the splendid reception the people of Hamlin have so far given me," declared the former superintendent of schools at Spur.

"I foresee continued growth and expansion of the school system at Hamlin, and I pledge the people of the district my whole-hearted efforts to a system that will be second to none in Texas."

"You have a fine school plant here. It will be a joy to work with you good people in offering the youngsters of the vicinity the best school facilities."

★ BEING UP on the modern lingo of the land helps to keep abreast of the time. For example, these up-to-date definitions:

SMALL TOWN: A place where a fellow with a black eye doesn't have to explain to people; they know.

ONE-YEAR-OLD: Child who is beginning to walk, talk and balk.

MAJOR OPERATION: The kind where the patient has to borrow money to pay for it.

MINOR OPERATION: An operation performed on somebody else.

SUMMER RESORT: A pleasant strutting ground where nobody knows how unimportant you are at home.

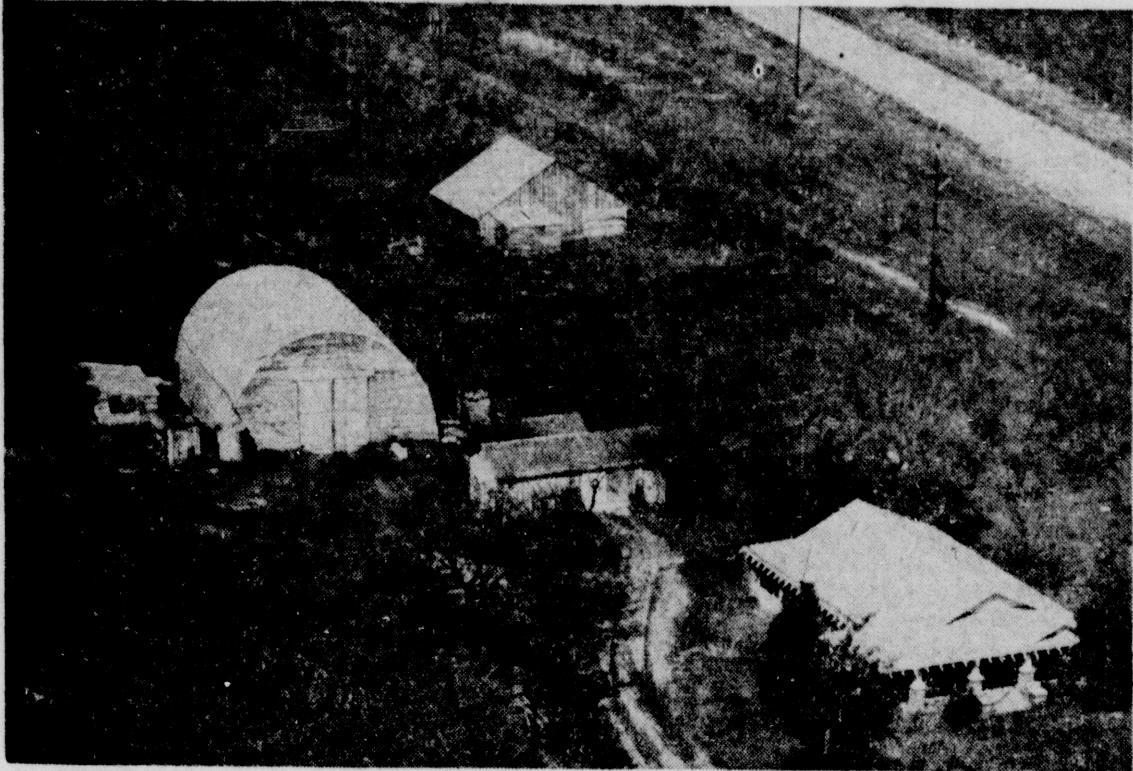

★ FATE WORKS mightily in reverse, we have thought all along our life's pathway. For example, let us illustrate with this fellow's lament:

When I was young and twenty I had a fine physique; I wished to flaunt it on the beach, but had to work all week.

Now I'm retired and sixty—My schedule's never filled; And I could tread the beach all day—But you should see my build!

★ SCHOOL will be starting pretty soon hereabouts. And that brings up some of those stories that only the kids can conjure. As a typical situation we submit:

A small boy, speaking of his teacher, remarked: "She's mean, but she's fair; she's mean to everybody!"

ANOTHER IN THE SERIES of Mystery Farm Pictures being run by The Herald is shown above. First person, other than the owner and his family, to correctly identify the view will be given a one-year subscription to Your Home Town Paper. In order to give readers of the paper living on the rural routes an equal chance at the identifying, no answers will be accepted before 1:00 p. m. Friday, either in person or telephoning to the paper office. The original aerial picture will be presented to the owner by The Herald.

## Lid on Hamlin Grid Season to Be Blasted for Tilt Tonight

### Grid Fever Grows In Community as Epidemic Spreads

Football fever is in the air at Hamlin, and an epidemic of the malady is expected to be diagnosed by tonight, when the first official tilt of the season is reeled off at Hamlin High School stadium.

The game, between two picked teams of the Pied Pipers, who have been designated as the Greens and Whites, will begin at 8:00 o'clock under the lights before an expected crowd of several hundred fans.

Advance ticket sales to the pre-season game were going at a good clip this week, report leaders of the Pied Piper Booster Club, which is sponsoring the game.

Admission is \$1 for adults and 50 cents for students. Proceeds from the game will go to the swimming pool fund, which still is short several hundred dollars of cost of the beautiful new pool built by the Hamlin Foundation, Inc.

Advance tickets may be purchased at White Auto Store, the

See GAME TONIGHT—page 8

### Vernon Mayfield to Be In Faith Church Pulpit

Rev. Vernon Mayfield will be in the pulpit of the Faith Methodist Church in Hamlin at noon services Sunday, according to an announcement by Rev. John W. Sator, pastor, who has been in a revival meeting at Pleasant Hill church near Claiborne.

Rev. C. C. Armstrong of Anson preached at the Faith Church last Sunday morning and evening.

### Final Cotton Crop Condition Report for State Reveals Continued Insect Damage

Final cotton crop condition report supplied to The Herald by the U. S. Department of Agriculture, in cooperation with the Texas Extension Service, this week reveals that insect damage has been checked in most areas of the state. Excerpts from the report follow:

Scattered showers and rains fell in most areas of the state during the past week but were of little benefit to crops because of the small spotted localities they covered and state of maturity of the cotton crop. Cotton was maturing and harvest had begun in most areas of the state except the West Cross Timbers, Northwest and North and South Plains areas.

Heavy populations of boll weevils continued to severely damage cotton fields that were still fruiting in the eastern half of the state. Young bolls should be protected from weevil damage, but producing a top crop from squares now being set would be very difficult and costly to mature because of migrating weevils.

Bollworm activity abated somewhat during the past week as egg deposition decreased in most areas except in spotted succulent fields. Heaviest bollworm infestations were reported from the

PREACHING in a series of gospel services at the Hamlin Church of Christ, he will be Edward M. Brown (above), well known evangelist of that church. He has had five years' experience as a missionary to Japan.

### Robert M. Bass No. 5 W. B. Wade Well Tabbed as Producer

Another producer in the Hamlin area, completed last week, spotlights the oil activity of the past several days.

Robert M. Bass of Kilgore completed his No. 5 W. B. Wade well six miles northwest of Hamlin in the Judy Gail (Canyon) Field. It had a calculated daily potential of 416.04 barrels of 41-gravity oil.

Flow was through a quarter inch choke with 450 pounds casing and 200 pounds tubing pressure. Production is from 48 perforations at 4,352-60 feet with the casing set at 4,451 feet. Having a gas-oil ratio of 850 to one, the well is bottomed at 4,752 feet.

Site of the Wade well is in Section 191, Block 1, B. B. B. & C. Railway Company Survey.

### Edward M. Brown To Lead Revival at Church of Christ

An eight-day series of revival services will begin Sunday at the Hamlin Church of Christ, it was announced this week by church leaders. The series will continue through Sunday of next week.

Evangelist for the series of services will be Edward M. Brown of Abilene, who is well known to people of this area. He has spoken several times at Churches of Christ in this section during recent years.

Besides being an evangelist of note, Brown has served for five years as a missionary to Japan.

Services are scheduled at 10:50 a. m. and 7:30 p. m. on Sundays, and at 7:00 a. m. and 7:30 p. m. on week days, it is announced. The public is invited to hear Mr. Brown.

### All-Night Parking Ban On Streets Enforced

Enforcement of the new bans on all-night parking on the paved streets of the city began several days ago by Hamlin police, according to announcement by city officials. The ban was made, similar to that in most other cities the size of Hamlin, to clear streets from 1:00 to 5:00 a. m. for street sweeping.

Small signs have been placed on parking meter posts pointing to the regulation.

Mr. and Mrs. Buck Richie spent Sunday with Mr. and Mrs. McClary at Abilene.

# Good Crop Prospects for Hamlin Area Fast Fading

## Plans in Making For Improvements At Swimming Pool

Official close of the Hamlin swimming pool for the 1955 season was marked by last plunges last week-end, it was announced by Jess Parrish, holder of the lease on the pool for three years from the Hamlin Foundation, Inc.

Although the pool was constructed in short order in June and July, a successful season was reported in spite of limited facilities part of the time, Parrish reports.

Officials of the foundation point out that some debt still remains against the sponsoring organization, and any citizens or groups interested in making contributions to the foundation may do so by leaving donations with W. T. Johnson, treasurer, at the bank.

Some improvements at the pool, especially on the grounds surrounding the pool proper, are contemplated for the months before opening of another swimming season, according to Roy L. Dunlap, city coordinator and vice president of the Hamlin Foundation, Inc.

Improvement plans include the sodding of the area immediately around the pool, and provisions for orderly parking sectors close to the pool.

## School Enrollments Indicate Increase Over Last Year's Students

Hamlin Schools got off to an auspicious start this week on the 1955-56 term of school when an even 1,000 students were reported signed up, which is one of the best first-week enrollments in the history of the school.

By divisions, the following totals were tabulated for enrollment according to the office of Superintendent of Schools Foster Cook: High school, 235 students; Junior High, 216; Elementary, 150; Primary, 251; and DePriest Colored School, 148.

After six weeks of school last year there were only 1,007 students enrolled, so the present first week total is expected to be swelled above last year's average daily attendance, school leaders believe.

McBride, a cotton and grain buyer, was a member of the City Council in 1945-47, and has taken an active part in community affairs for many years. He was a member of the property equaliza-

tion board for the city in 1954 and 1955.

The vacancy on the council was created by the recent resignation of Delma Shelburne, who is moving to Snyder to make his home. Term of the office expires in April, 1957.

Deadline for filing for a place on the city election ticket is Saturday at 12:00 o'clock noon, city officials have announced.

J. E. Patterson has been delegated as election judge for the special voting. Balloting will be held at the city hall, between the hours of 8:00 a. m. and 7:00 p. m. All residents of the city of Hamlin holding poll tax receipts, or exemptions may participate in the voting.

## City Secretary Attends Clinic for Assessors

Mrs. H. M. Barrow, city secretary, was in Fort Worth last week attending the third annual clinic for tax assessor-collectors sponsored by the Texas League of Municipalities.

Four days of classes and actual field property valuation tests provided a full program for the city employees which was practical and helpful, Mrs. Barrow reported on her return. Expenses of the city secretary were paid by the City of Hamlin.

## TB Unit Has Planning Meeting for Drive

A planning meeting of the Jones County Tuberculosis Association for the distribution of Christmas seals was attended by Mrs. W. L. Hunter Jr., county seal sale chairman, and May Gay, Hamlin community seal sale chairman, Monday evening at Stamford.

Representatives from each of the towns in Jones County were present to receive instructions from Mrs. Hunter for the annual fund raising campaign, which opens November 17 this year.

SPEAKS AT SEGREGATION HEARING—Ross Carlton, representing the Citizens' Council at the hearing on desegregation of public schools at Big Spring, leans toward the judge's bench as he stresses a point during the hearing. Carlton said that the court's ruling on the desegregation of public schools would be appealed to the Texas Supreme Court.

# One Name Filed for City Council Place

L. H. (Herman) McBride, long-time civic leader and businessman of Hamlin, this week permitted his name to be filed for a place on the City Council after urging of friends for several days. His was the only name filed so far in the race to elect a member of the five-man council in a special election slated for Tuesday, September 13.

McBride, a cotton and grain buyer, was a member of the City Council in 1945-47, and has taken an active part in community affairs for many years. He was a member of the property equaliza-

tion board for the city in 1954 and 1955.

## Farmers Say Rain Still Could Help Increase Yields

Prospects for a good cotton and feed crop in the Hamlin section are fast dwindling, but farmers and others are still hanging onto the hope that badly needed moisture that has held the key to production will come yet in time to increase the projected yields.

Most of the head grains have already been harvested in the region, but hundreds of acres of maize and hog corn that was planted late could still be greatly benefited by rains within the next several days, farmers declare.

Production of feed and cotton, in spite of the lack of rains during the critical developing period, will be the best in five years for the section. Prospects two months ago were that there would be a bumper crop of the two principal agricultural resources of the section.

Cotton, along with the feed, has suffered greatly for rains during the past 45 days. Lack of moisture has caused millions of blooms and small bolls to drop from the stalks, thereby cutting down production thousands of bales. Spotted fields in the region are producing good cotton, while neighboring fields have about produced nothing. The wide variation in age of the cotton provides all sorts of crop prognostications.

More than 100 bales of cotton had been ginned at Hamlin by Thursday, a check-up reveals and nearly 100 bales had been accounted by the gin at Neida.

Cotton market in Hamlin, as well as the rest of the Cotton Belt, was dead this week. Practically all the staple was going into the government loan on the basis of 33.40 cents per pound for middling 15-16 inch staple.

## Building Permits Total \$258,465 for Hamlin

Building permits for the first seven months of 1955 totaled \$258,465, according to a tabulation of city records, it was revealed this week. The permits were issued on 65 applications to build new construction or to make repairs totaling more than \$200.

The building permits were initiated the first of the year as a method of keeping up with new construction and for statistical information that has long been needed by the city, officials explain.

During the same seven-month period 18 moving permits were issued by the city office.

## VISITS FROM CALIFORNIA.

Mrs. Eula Gollehon of Whittier, California, is visiting Connie Drake and sisters and Mr. and Mrs. Buck Richie. The Drakes and Mrs. Gollehon spent Sunday with Mr. and Mrs. J. S. Scott at Albany.

## Who's New This Week

Two new citizens have been recorded at the Hamlin Memorial Hospital since last week's report in The Herald. Both girls, the new arrivals are:

A girl for Mr. and Mrs. Franklin Eugene Holden was born August 24 at 7:43 p. m. Weighing seven pounds eight and one-half ounces, the little miss has been named Connie Elaine.

A girl for Mr. and Mrs. James Harold Blackwell of Hamlin arrived August 26 at 9:40 a. m. After having her weight verified at a light five pounds 11 ounces, she accepted the label Wanda Dell.

Representatives from each of the towns in Jones County were present to receive instructions from Mrs. Hunter for the annual fund raising campaign, which opens November 17 this year.

## THE FAMILY FARM IS STRONGER THAN EVER

From time to time we in the farming areas are becoming alarmed at the number of people who are leaving the farms. To be sure, farming methods have changed a lot in the past two decades, and hand and horse-drawn practices have about passed from the scene, but lots of folks who live on the farms are still farmers. Right here in Hamlin many farmers have moved to town in order to provide their families with more conveniences, better schools and churches, recreational facilities and other advantages. They still operate their farms, commuting to and from the farm in fast cars or pick-ups.

Is the family farm a passing institution? John Bird, associate editor of Better Farming magazine, doesn't think so. He tells why in a Reader's Digest article carrying the dramatic title, "They're Inventing the Drudgery Out of Farm Life."

His article deals with the enormous progress that has been made in getting farm jobs done swiftly, efficiently and economically. He writes: "Mechanization is bringing funda-

mental changes to U. S. farm life. Going, at last, is the traditional dawn-to-dusk drudgery which has been the age-old lot of people on the land. The up-to-date farmer has evolved into a power-minded production engineer who is quick to acquire the latest labor-saving implements and who also invents many of his own. As a result, each hour of work is becoming more productive, life in the country is more enjoyable and the family farm is growing stronger than ever."

He also observes, "Ask almost any farmer, 'What is your greatest labor-saver?' and he will point to his tractor or give it a fond pat. The modern model is a compact, fast-moving power package that not only pulls heavy loads but also hoists, pushes, digs, cuts, pumps, shakes and carries."

Bird goes on to describe some of the other power-operated tools that American enterprise and ingenuity have brought to agriculture. The farmers of past generations just would not believe such miracles could exist. Machines are revolutionizing agriculture as completely as they are revolutionizing industry.

## Jets Versus Our World

We ask you just one favor. Don't continue to read this tale until you have found a good, stout handhold. Grab it. And hang on for dear life.

Hang on while we tell that the new jet planes fly at a rate to 700 to 1,000 miles per hour. That's faster even than sound flies. You can see a jet coming. It comes faster than the noise it makes. But you can't hear it until after it has passed.

Pooh, pooh! That's barely moving! Our old earth is hurtling around the sun so fast that a jet, racing it, would be left behind 66,000 miles in the first hour of the race.

Since you started to read this story, one minute ago, our old earth and you have hurtled through space more than 1,100 miles. You are now one minute and more than a thousand miles closer to winter.

The great molten sun (865,000 miles in diameter) tossed us (7,900 miles in diameter) out into space a million or so years ago. Over the eons of years out in cold space we cooled from the boiling, molten 6,000-degree temperature of the sun down to the pleasant "golfing" weather we have on earth today.

But old man sun still holds on to us with some unexplainable attraction and power, thank goodness; and we revolve around him once each year . . . traveling 584,000,000 miles in that year . . . at the rate of 66,700 miles an hour . . . or 1,600,000 miles a day.

In one day from now you will be 1,600,000 miles from where you are this hundredth of a second.

Read this one more unbelievable astonishment: Today, or soon, look up at the sun. It is 93,000,000 miles out there. In six months from now you and I and our old earth will be on the other side, the far side of the sun—93,000,000 miles beyond. And in a year from now we will have swung completely around the sun and back to where we are right now.

Now, don't let us ever hear you say again: "Life's sort of colorless. I never get to go nowhere!"

## Interpretations of Love

Patience is love on the anvil, bearing blow after blow of suffering. Zeal is love in the harvest field, never tiring of toil. Meekness is love in company, when it vaneth not itself. Perseverance is love on a journey, pressing on with unflagging step toward the end. Joy is love making its own sunshine where others see nothing but gloom.

Power is love driving the soul's chariot wheels over all opposition. Gentleness is nothing but love in her own sweet voice and charming manner.

## RECALLING Other Years

★ Being news items taken from old files of Your Home Town Newspaper The Herald

TEN YEARS AGO.  
 Goings-on in the Hamlin community 20 years ago included the following, reproduced from the issue of The Hamlin Herald dated August 50, 1935:

Four bales of cotton had been brought into town by Wednesday of this week. A Mexican by the name of O. Riveria brought in the first bale last Thursday.

Otis Hopper and Robert Morgan spent last Tuesday and Wednesday in San Angelo attending the annual Masonic convention.

Mildred Holt came home from the West Texas State Teachers College at Canyon to visit with her parents. She plans to return to Dunn, in Scurry County, to teach the coming session.

Mr. and Mrs. Holly Toler and little daughter, Suzanne, of Austin are here this week visiting with her parents, Dr. and Mrs. A. E. Pardue.

City Marshal Jack Miles and family returned Monday from a visit to his old home in Kentucky.

Haskell baseball team defeated Hamlin in the third and best-three-out-of-four games that were being staged in the play-off of the Wichita Valley League last Thursday.

TEN YEARS AGO.  
 Among items of interest in the Hamlin territory 10 years ago were the following news briefs, taken from the issue of The Hamlin Herald dated August 31, 1945:

Hamlin Schools will open September 6, it is announced by Superintendent I. R. Huchingson.

Congressman Sam Russell was in Hamlin for a few minutes on Tuesday, shaking hands with a few friends. He was on his way to Rotan and Sweetwater on business.

Central Avenue will be hard surfaced by the Texas Highway Department within a few days. The material is being stockpiled here this week.

Premium for the first bale of 1945 cotton, which was brought to town last Wednesday by C. C. Lopez, amounted to \$500.

A joint meeting of members of the American Legion and the Legion Auxiliary is scheduled for Monday evening at the City Park, according to Joe L. Culbertson, post commander of the Legion.

The 11-year-old girls of the junior department of the First Baptist Church Sunday School enjoyed a picnic at the City Park Friday afternoon. Attending were Doris June Rodgers, Craigolene Bessire, Willie Mae Hannis, Janet Durham, Patsy Brown, Gwendolyn Norris and the teacher, Mrs. Miller.

FIVE YEARS AGO.  
 Among items of news interest in the Hamlin community five years ago were the following, reproduced from the issue of The Hamlin Herald dated September 1, 1950:

Maize in the Hamlin section is turning out better than was at first thought possible. Up to Wednesday 105 carloads of maize had been loaded at Hamlin according to a check by The Herald.

Finishing touches to the John C. Bryant building just south of the Huling Service Station are being applied this week. The building will be occupied by the implement department of Bryan-Link Company.

Lieutenant Garrett A. White, foster son of Rev. and Mrs. E. L. Yates, has been given Navy citation for outstanding service with the U. S. Navy in the Korean area.

Henry Albritton and W. L. Boyd have disposed of the property they have operated in South Dakota. Albritton is in that state winding up the wheat harvest.

Mr. and Mrs. Joe Simpson are on a business trip to Fort Smith, Arkansas, this week.

Mrs. F. L. Bailey was a medical patient at the Rotan Hospital last week.

ONE YEAR AGO.  
 Among items of general interest in the Hamlin community a year ago included the following, which are reproduced from the issue of The Hamlin Herald dated September 3, 1954:

Governor Allen Shivers was not only the choice of all the voters of Texas in Saturday's run-off election with Ralph Yarborough, but of Jones County voters who reversed their previous majority given Yarborough. Eleven Central West Texas counties gave the nod to Shivers, whereas 14 of the 20 counties previously endorsed Yarborough in the regular primary in July.

Sixteen West Texas girls had been entered in the Tri-County Jubilee Queen contest Wednesday as plans for the September 11 event shape. Thousands of people are scheduled to attend the first annual festival.

## Unusual Sale of Females at Markets Indicates Reduction in Livestock Herds

The recent study of the livestock and meat situation released by the U. S. Department of Agriculture pointed out that slaughter of cows and heifers had expanded this year, and reports from over the major market circles currently reveal larger numbers of females than a year ago.

This message was contained in the weekly market release from Ted Goudy of Fort Worth, special market reporter for The Herald. His release continues:

If this trend of increased slaughter of cows and heifers is continued through the last quarter of the year, some reduction in the estimate of cattle on farms in the United States is indicated.

However, expanded swine numbers and the expected larger lamb crop in the Southwest next year will likely offset any reduction in total meat animal numbers or tonnage.

Offering of cattle and calves was the largest since mid-July at Fort Worth Monday. Drying ranges in many sections of the Southwest and the approach of fall, with the cowmen busy working to shape up herds to go into the winter, are credited with the bigger movement.

Most classes showed some weakness. Cows were 50 cents to \$1 lower. Steers were steady.

## Santa Fe Carloadings For Week Over 1954

Santa Fe Railway System carloadings for the week ending August 27, 1955, were 23,427 compared with 21,305 for the same week in 1954. Cars received from connections totaled 12,036 compared with 11,773 for the same week in 1954.

Total cars moved were 35,463 compared with 33,078 for the same week in 1954. Santa Fe handled a total of 35,584 cars in the preceding week of this year.

## NEW BOOK ON COW CARE.

Giving the dairy cow an opportunity to produce at her best is defined by Extension Service dairy specialists as cow care. Ask your local county agent for a copy of L-247, Cow Care.

Good and choice fat lambs topped at \$18.50 at Fort Worth Monday, and feeders sold from \$17 downward. Medium and lower grade lambs sold from \$10 to \$16. Yearling wethers drew \$8 to \$16. Old wethers sold from \$8 to \$12. Old slaughter ewes cashed at \$4.50 to \$5.50.

Prices were steady on all classes, and high grade sorts were very scarce.

Early and incomplete returns of the nation-wide poll of wool producers shows a majority favor the wool promotion program, however, it will be some time before tabulation is completed.

## Mrs. Carrie Seals, Retired Teacher, Succumbs Friday

Final rites for Mrs. Carrie Seals, 77-year-old retired school teacher, were conducted Saturday morning at 10:00 o'clock at the First Methodist Church in Hamlin. Officiating was Rev. Darris Egger, pastor.

Mrs. Seals died early Friday morning at her home, four miles west of Hamlin after an illness of seven weeks. She had resided here for 10 years, coming here from San Saba, where she had taught school for many years.

She was the daughter of the late Mr. and Mrs. E. S. Brown, having been born at San Saba October 5, 1877. She was married in that Central Texas city in 1906.

Mrs. Seals was a graduate of Sam Houston State Teachers College, and had taken graduate work at Hardin-Simmons University, Abilene Christian College and McMurry College in Abilene.

She was a member of the Methodist Church and the Eastern Star Lodge.

Burial was in the Hamlin East Cemetery under the direction of Hamlin Funeral Home.

Survivors include four sons, Meredith Owen of Fort Worth, George Owen of Midland and Cameron and Jack Owen of Hamlin; one daughter, Mrs. Bob Alexander of Spur; two brothers, E. L. Brown of Fort Stockton and O. T. Brown of Del Rio; two sisters, Mrs. Eva Lou Benett of El Paso and Mrs. M. L. Burleson of El Paso; six grandchildren and one great-grandchild.

## Jack Drummond Gets Tarleton Scholarship

Jack Drummond, son of Mr. and Mrs. G. W. Drummond of Hamlin, has been awarded a scholarship to Tarleton State College at Stephenville.

Drummond was selected upon recommendation of the Tarleton faculty scholarship committee and approved by President E. J. Howell. He will enter Tarleton this month.

## FINAL REPORT

(concluded from page one)

West Central, Northeast, Northwest and North and South Plains areas, but most fields within these areas did not need control measures. Succulent fruiting fields should be examined regularly for bollworms and control applied when warranted.

Cotton leafworms in mostly light to medium with occasional heavy spotted populations were reported from the West Central, West Cross Timbers and Northwest areas.

Cabbage loopers, yellow striped army worms, brown cotton leafworms, aphids, lygus bugs and spider mites continued to cause light to heavy damage in some fields of the Central, South Central, Northeast, West Cross Timbers, Northwest and North and South Plains areas.

Gin trash inspection for pink bollworms has been completed in several counties. Slight to considerable increases in pestations compared to 1954, occurred in Willacy, Brooks, Jim Wells, Kleberg, Live Oak, Nueces and San Patricio Counties. Decreases in infestations, compared to 1954, were found in Hidalgo, Starr and Calhoun Counties.

Boll inspections in late fields of cotton in some of these counties show a tremendous build-up of pink bollworms. Nearly 100 per cent of the bolls were reported infested and an average of 10 to 20 pink bollworms per boll was not uncommon.

## 500 Feet of New Hose Received by Fire Unit

Shipment of 500 feet of two and one-half inch fire hose, recently purchased by the city to replace damaged and inadequate water hose for the Hamlin Volunteer Fire Department was received this week.

The shipment is part of 1,700 feet of the large fire hose and 800 feet of one and one-half inch hose order awarded last month by the City Council. The balance will be delivered within the next 30 to 45 days and will be used on the new \$12,000 fire truck that is now being made to order for the fire department.

Classified Ad: "Cat wanted for light mouse-work."

Early harvest and immediate stalk destruction with a shredder type stalk cutter, if it can be done before frost, will help to reduce the populations of boll weevils and pink bollworms. Value of early destruction of cotton stalks has been demonstrated in many communities and counties of Texas during recent years.

Early stalk destruction which destroys the food supply and stops continuous breeding of pink bollworms and boll weevils is the best and most economical means of reducing damage from these insects during the next crop season. Late summer or early fall rains will cause new growth and fruiting of cotton plants and will allow large numbers of these insects to build up and enter hibernation. Cotton should not be allowed to breed late generations of boll weevils or pink bollworms after the crop is harvested. A top crop cannot usually be produced economically because of infestations of these insects.

## New Superintendent of Schools Issues Statement on Assumption of Position

The following statement has been released by Foster Cook, new superintendent of Hamlin Schools:

I am very happy to be selected as your superintendent of schools. I have always had a very high regard for the people of Hamlin and your schools. For many years I have been most fortunate in that the school in which I have been employed has been privileged to meet this fine high school on the gridiron and other competition. I have found that this school land the fans have always conducted themselves like ladies and gentlemen. This is always appreciated by the public and myself.

## Weldon Lawlis Gets Commission at Tech

Weldon Lawlis of Hamlin was one of 10 Army Reserve Officers' Training Corps cadets at Texas Technological College at Lubbock who received commissions at second lieutenants in ceremonies August 29.

Colonel Henry G. Douglas, professor of military science and tactics, conducted the commissioning at his office in ROTC Building M-2.

The new officers will report soon for two years of active duty, Colonel Douglas said.

## Katy Carloadings for Week Above Year Ago

Revenue freight cars loaded on the Missouri-Kansas-Texas Railway Lines during the week ended August 26, 1955, totaled 4,841 compared with 4,707 for the corresponding week of 1954. There were 4,087 revenue cars received from connecting railroads, as against 3,904 for the same week last year, bringing to 8,928 the total of revenue cars handled during the week, compared with 8,611 last year.

The Katy has handled 294,054 revenue freight cars this year as against 283,063 at the same time in 1954.

All that is necessary for a divorce nowadays is a wedding.

I want to praise Ira Huchingson for the fine job he has done in making this school one of the best school systems in this area. He has done so many constructive improvements and added many new ideas to the program. I find that the physical plant is in very fine condition. This has taken a great deal of planning on Huchingson's part.

I think I am very fortunate to have the opportunity of following such a fine person and school man as Ira Huchingson. He has been my friend for a number of years, and I do want to thank him for being so nice and courteous to me since I have been in Hamlin. He has made my position very pleasant so far, and the information I have received from him will be of great help. Lots of luck, "Huch."

My family and I are now looking for a place to move. If anyone knows of a house to rent, please call me at the high school office.

My family is composed of my wife, two boys and myself. Mrs. Cook's first name is Docia. The elder son is Foster Cook Jr. Foster is a Texas Tech graduate in chemistry and is now a lieutenant in the Army. Our other son, Lawrence Cook, is a junior in Texas Tech, majoring in education. We belong to the Methodist Church.

We are looking forward to moving to Hamlin and meeting all you good people. I am very pleased because I have been favored by knowing many of you people for many years. When we get located here, we want everyone to come to see us.

I hope as a superintendent of schools I will not disappoint you good people.

### Hot Weather Class Schedule Adopted by Teachers Conference

New schedule of "hot weather" classes was unanimously adopted by members of the Hamlin school faculty when they met Monday evening in a conference.

Classes are starting, effective Thursday (yesterday) morning at 8:00 o'clock in the morning and dismiss school early in the afternoon in order to evade the heat. School will turn out at 2:30 p. m.

"We feel that the students and teachers both will accomplish more under this schedule," declared Superintendent of Schools Foster Cook, in announcing the new schedule. The change will continue for only a few weeks.

Buses will run early on their respective routes, and in the afternoon will return the students some early.

### Mrs. Roy Kelly First to Correctly Identify Farm View

Mrs. Roy Kelly was the first Herald reader to correctly identify last week's mystery farm picture published in Your Home Town Paper. She will receive a one-year subscription to The Herald.

The picture was of the W. H. Seymore estate farm, two miles northwest of Hamlin on the Rottan highway. The Seymores purchased the place in 1924 from a man by the name of Bailey.

The house is occupied by Annie and Maggie Seymore, but G. A. Seymore of Abilene is farming the place. A diversified crop program has been utilized on the place for years. This year 50 acres is in cotton, 60 acres in wheat, 40 acres in hedges, 22 acres in sudan, 17 acres in oats. Twenty head of white-faced steers are being grazed on the place. Contouring and terracing have been used to advantage for several years.

Maggie and Annie Seymore are members of the Church of the Nazarene.

**VOLUNTEER SERVICE.** Last year, an average of 58,100 Red Cross volunteers a month served members of our armed forces and veterans at military camps and hospitals, through chapter home service assistance, and in Veterans Administration hospitals.

### Lubna Dakour Given Party on Birthday

Little friends of Lubna Dakour, three-year-old daughter of Mr. and Mrs. Camel Dakour, were entertained at a birthday party last Thursday afternoon in the home of Mrs. B. Hassen on West Lake Drive.

After a series of games, cartoon movies were shown to attendants. Favors were guns and suckers.

Ice cream and cake were served to Kay and Gary Terrell, Sue Wicker, Rhonda and Danisue Sims, Cheryl, Pam and Melissa Wallace, Rose and Martha Alice Lovell, Helen Howard, Carl, Freida and Martha Ford, Melva Gentry, Tony and Tim Lewis, Jess and Toni Hill, Sharee Nail, Dubby and Mike Jones and Nada Hassen.

### C. H. Dixon, 82, Dies Thursday at Home in Hamlin

Funeral services for C. H. Dixon, 82-year-old resident of Hamlin, who been in Jones County for more than half a century, were conducted Friday afternoon at the First Methodist Church. Rev. John W. Syrios, pastor of the Faith Methodist Church, officiated.

Clarence Hardy Dixon was born January 13, 1873, near Troy, Alabama. He moved with his family to Texas as a boy, settling in East Texas. He was married to the former Nancy Harper in Edwards County in 1904, and the couple moved on to Jones County the same year.

Burial was in the Bethel Cemetery in the Funston community, east of Anson, under the direction of Lawrence Funeral Home of Anson.

Survivors include his wife; four sons, Joe Dixon of Roby, Bill Dixon of Wichita Falls, Roy Dixon of Abilene and Jack Dixon of Oklahoma; four daughters, Mrs. Jewel Davis of Houston, Mrs. Ola Cromeans of Houston, Mrs. Minnie Beasley of Shamrock and Mrs. Ruth Lee of Hamlin; 32 grandchildren and 29 great-grandchildren.

Thank you for all your kindnesses, for the food that was brought and the beautiful flowers. We want to express our thanks to Dr. Smith and Dr. Hawkins. May God bless and keep you in our prayer.—Mrs. C. H. Dixon and Children. 1p

# The Herald's Page for Women

## W. L. Boyd Family Gather Sunday for Hamlin Celebration

The W. L. Boyd family held a get-together Sunday in the Boyd home on Southwest First Street, celebrating the return recently of Mr. Boyd from Europe and the Near East. It also provided a setting for the celebration of Mrs. Boyd's birthday.

Attending the happy affair were Mr. and Mrs. Wright Boyd, Mr. and Mrs. Wright Grant Boyd, and two sons, Craig and Chris and Mrs. Norma Johnson, all of Lamesa; Mr. and Mrs. Phil Sparkman and two sons, Mike and Stephen, of Sweetwater; Mr. and Mrs. W. L. Boyd Jr. of Dallas; Mr. and Mrs. Henry Albritton and daughters, Cecelia, Dottie and Jan, of Hamlin.

One daughter and family, Mr. and Mrs. Jack Hagelstein and two children, Jackie and Mary Ann, of Boone, Colorado, could not attend the get-together.

Mr. Boyd showed pictures taken on his trip to the Holy Land, and gave gifts brought to his wife and family from the places he visited.

## Hamlin People Go to Rumfield-Hedges Family Get-Together

One hundred and ninety-five relatives and friends, including a goodly number from the Hamlin region, registered for the eleventh annual Rumfield-Hedges family reunion from Thursday through Sunday, at the Abilene State Park.

Included in the group were 134 descendants of the families involved and 61 visitors.

Rev. Charles Hedges, chaplain for the reunion, preached Saturday night as a feature of the get-together. During the four-day period recreation consisted of forty-two, dominoes, checkers, horseshoe and dollar pitching, swimming, table tennis and badminton.

Attendees at the annual reunion were from Hamlin, Abilene, Bronte, Hawley, Ballinger, Merkel, Edouch, Elsa, Fort Worth, Azle, Weatherford, Clyde, and Elfrida, Arizona.

## Game Night Slated by Fifty-Two Study Club

A benefit game night has been set for Tuesday evening, September 13, by members of the Fifty-Two Study Club.

The affair, which will feature games of canasta, forty-two and dominoes, will raise funds for a club project. The game night will be staged at the Primary School cafeteria.

PHONE 63—HAMLIN

**LAST WEEK'S MYSTERY FARM PICTURE** (above) was first correctly identified by Mrs. Roy Kelly, who will receive a year's subscription to The Herald. The aerial view of a picture of the W. H. Seymore estate place, two miles northwest of Hamlin on the Rotan highway. The house is occupied by Misses Annie and Maggie Seymore, but the place is being worked by G. A. Seymore of Abilene. Diversified farming program has been practiced for many years, cotton, wheat, hegar, sudan and oats being raised this year. Also 20 head of white-faced steers are being grazed on the place.

## Good Neighbor Club Thanked for Recent Gifts to Unfortunates

Members of the Good Neighbor Home Demonstration Club met last Tuesday afternoon with 11 answering roll call. The session was opened with a prayer, followed by a game, roll call and reading of the minutes.

The president read two letters of thanks received—one from the State Hospital at Abilene for birthday gifts sent to one of the patients which the club sponsors; and one from the McKnight State Tuberculosis Sanatorium at Sanatorium for pajamas sent by club members. "These sincere letters of thanks for the little bit the women do for these unfortunate people makes us all feel glad to have a small part in helping them," declared a member of the group. "Each gift we send gets special recognition, so we know they are appreciated, and we all should strive to do more for them."

A nominating committee was named to nominate officers for the coming year. The committee consists of Mmes. Oleta Hodnett, Lita Weaver and Fayrene Weaver. Election of officers will be conducted at the next meeting, on September 13, and all members are urged to be present.

Beginning next meeting, the time for meeting will be changed from 3:00 to 2:00 o'clock.

Program for the day was a demonstration on making belts, and orders were taken for belts to be made at some future date. Refreshments were served by Mmes. Tommy Hodnett and Viva Joiner.

Liberty will not descend to a people; a people must raise themselves to liberty. It is a blessing that must be earned before it can be enjoyed.—Anonymous.

## Girard ExStudents to Gather September 3

Ex-students of Girard High School of the Hamlin area are notified of a homecoming scheduled for Saturday, September 3, at that Kent County town north of Hamlin.

George Darden, formerly of McCauley, who is president of the ex-student group, advises that a program beginning at the school a barbecue supper at 5:00 o'clock, a barbecue supper at 5:00 o'clock, for which attendants will pay \$1 per plate.

## Odako Camp Fire Girl Group Meets Tuesday To Elect New Officers

Officers were elected for the coming season when members of the Odako group of Camp Fire Girls held their first meeting of the year—Tuesday afternoon at the hut in West Hamlin.

Officers named were: Mary Margaret Maberry, president; Dottie Albritton, vice president; Lagena Weaver, secretary; Louann Hawkins, treasurer; Sunny Marie Teague, reporter.

Other members of the group at the session were Mary Debs Rountree, Mary Ann Hymer, Betty Jane Robertson, Gloria Jenkins, and Sandra Jayroe. Mrs. E. J. Hawkins is guardian of the Odako unit, and Mrs. Irby Weaver is assistant.

The name "Odako" was decided upon as the name for the group of girls. It means "alliance and friendship."

Now more than ever we must keep in the forefront of our minds the fact that whenever we take away the liberties of those whom we hate, we are opening the way to loss of liberty for those whom we love.—Wendell Wilkie.

## Baptist Junior Girls Go on Picnic Monday

All members of the 10-year-old girls' Sunday School Class of the First Baptist Church, the Willing Workers, were present Monday evening for a picnic and outing. Mrs. Willard Jones is their teacher.

After playing baseball, the girls were served coney islands on buns with potato chips, cold drinks and popicles.

Attendees were Priscilla Trotter, Mary Debs Rountree, Arlene Waldon, Darlene Josey, Sandra Sue Smith, Mary Anne Hymer, Dottie Albritton, Jackie Lou Osborne, Jolene Bond and Mary Louise Smith; Mr. and Mrs. Jones.

The only freedom worth possessing is that which gives enlargement to a people's energy, intellect and virtue. — Theodore Parker.

## "Hot Flashes Stopped" or strikingly relieved

in 63-80% of cases in doctors' tests

• If you're miserable from the "hot flashes" and accompanying irritable restlessness of "change of life"—you may be suffering unnecessarily! • For... in tests by doctors... Lydia Pinkham's Compound and Tablets brought relief from such functionally-caused suffering to 63% and 80% (respectively) of the women tested! Complete or striking relief!

Yes! Research has proved these medicines thoroughly modern in action... has shown you where to look for relief from those distressing, nervous, "out of sorts" feelings of mid-life "change"! • So... get Lydia E. Pinkham's Vegetable Compound—or new, improved Tablets with added iron! (Wonderful, too, for the functional pains of menstrual periods.)

It acts through a woman's sympathetic nervous system to relieve distress of those awful "hot waves"!

## Relatives Meet Here For First Time in More Than 13 Years

Relatives who had not been together for 13 years were among the guests the past week in the home of Mr. and Mrs. T. C. Robertson Jr. in Hamlin.

Visiting in the home over the week-end were Mrs. Robertson's parents, Mr. and Mrs. R. H. Ferguson of Hico; a sister, Mrs. G. W. Robertson, and children, Gaylene, Cherrie and Ronne; two brothers, Robert Ferguson and wife and Bill Ferguson, wife and three-month-old daughter, Kay, all of Kermit.

Also guests in the home were the mother of T. C., Mrs. T. C. Robertson Sr.; and an uncle of Mrs. T. C. Robertson Jr., A. H. Abernathy, both of Hamlin. This is the first time the entire family of Mrs. Robertson has been together in 13 years.

## Norma Jo Murff to Wed Abilene Man

Mr. and Mrs. Joe Murff are this week announcing the engagement and approaching marriage of their daughter, Norma Jo, to Gerry Lynn Bowman of Abilene, son of Mr. and Mrs. Leon Bowman of Lubbock.

Friends of the families are invited to attend the wedding which will be at the First Methodist Church at 6:30 p. m. on Saturday September 24. Rev. Darris Egger, pastor, will officiate.

## Methodist Women Meet in Egger Home

Members of the Bonnie McBride Circle of the Woman's Society of Christian Service of the First Methodist Church met last Tuesday in the home of Mrs. Darris Egger, where lemonade was served as attendants were greeted.

Mrs. Richard Young, circle chairman, presided at a business session. Mrs. Jim Ballard, program chairman, announced numbers by Mrs. W. T. Johnson and Mrs. Jerry Waggoner, who gave a short skit about God's plan for our lives, using fresh flowers to illustrate their talks.

New people attending the meeting were Mrs. Jim Herridge and Mrs. Zelma Hulse.

## TWO-FLOCK PLAN URGED.

The answer to the problem of too many eggs in one season and too few in the fall and winter months when prices are usually best may be in the two-flock system of egg production. Now is the time to start the fall flock chicks.

## Ted Russell Tells Lions Club Group of Recent Trip to Europe and Holy Land

W. C. (Ted) Russell, Hamlin banker who recently returned from the Baptist World Alliance at London and subsequently made a trip with his wife and W. L. Boyd to Switzerland, Italy, the Holy Land and France, only got started good in telling about the trip when he spoke at the Tuesday noon luncheon of the Hamlin Lions Club at the oil mill guest house. He promised his attentive audience he would continue his story later.

Russell gave highlights of their stay in England, Switzerland and Liechtenstein.

Although not impressed with the general defeated attitude of the people of England, he was gratified to see the big statue of Franklin D. Roosevelt that was erected at a cost of \$112,000 in Grosvenor Square, funds for which were provided by gifts of not more than 70 cents per person. Socialism is rampant in England, he said, and people seem nearly

satisfied with the government's big hand in their affairs, which has killed initiative. Ninety-five per cent of the population is unemployed because of low incomes that are taxed unbearably.

Switzerland, he admitted, was the highlight of their 22,000-mile trip, where a busy, thrifty, contented people were superb hosts to visitors.

A side trip to the little republic of Liechtenstein, which contains only 56 square miles and numbers 13,000 population, proved interesting. Postage stamps for all the world are made there, and false teeth making also is a principal industry. Russell reported the country is ruled by a prince who married a Weatherford girl and a few business leaders. The country boasts no crime, no divorces and no poverty. A payment of \$14,500 is required of a prospective citizen to enter the country permanently, he said.

President W. S. Seals announced the appointment of Claude Lancaster as tail twister to replace Cliff Seitzer, who recently moved to Graham. Assistant tail twisters will be Ed Croan and Truman Nix.

## Bob Wills, Scheduled To Play at Stamford, Authors Many Songs

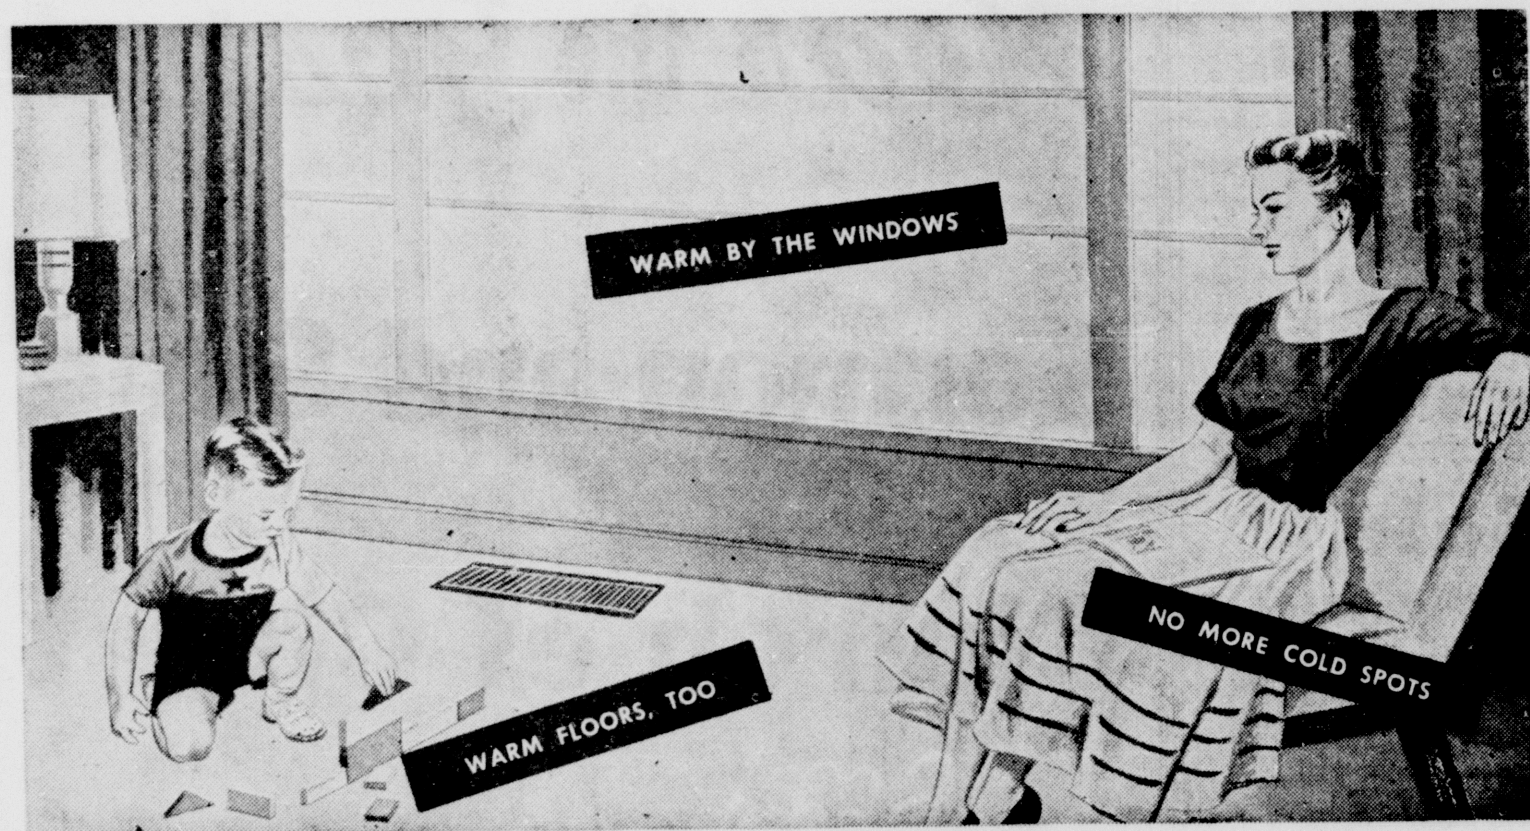

Bob Wills, coming to Round-Up Hall in Stamford Monday night with his famous "Texas Playboys" for a dance engagement, is considered the most-quoted Western band leader in the nation today.

For more than 20 years, the "magic" name of Bob Wills has lured millions of persons to stage shows and dances—more than any other Western music entertainer in the history of show business.

During his many years in the entertainment field, Bob Wills has cut nearly 1,500 records for the MGM, Columbia and Decca companies. The signature song of the fabulous Wills, "San Antonio Rose," still ranks as the all-time great hit in country music. The song has sold over 4,000,000 copies since coming from the pen of Bob Wills and then recorded by the popular band leader.

## World Travelers, Boyd and Russell, Talk to Rotarians

Two world travelers, W. L. Boyd and W. C. (Ted) Russell, provided the program when members and guests of the Hamlin Rotary Club met Wednesday noon at the oil mill guest house.

The two recently returned from attending the Baptist World Alliance at London and made subsequent trips to Switzerland, Italy, the Holy Land, France and England.

Boyd spoke on "Rome and Italy," where the principal sites were of Biblical and historical prominence. Among interesting spots visited and described by the visitors were St. Peter's Cathedral, the Vatican, the Appian Way, catacombs, Baptist Institute and Orphanage, the prison where Paul and Peter were incarcerated in Bible days.

Russell's talks dealt principally with the party's visits to Switzerland and Liechtenstein. The bank vice president declared that the hotel, cafe and transportation services in Switzerland are superior to those in America. He was enchanted by the beauty of the lakes, mountains and cities of Switzerland, where prosperity is universal.

Russell said he and his wife enjoyed a side trip to Liechtenstein, a country of only 56 square miles, where most of the world's postage stamps and stamp dies are made.

Rotary President Wesley Nail presented individual trophies to Connie O'Neal, Bill Adair and G. C. Black for their work with the Little League, Teen Age and Pony League boys during the past season.

Lane Fletcher, Hamlin High School Junior, was recognized as the Junior Rotarian for the day. Besides Boyd and Russell and the three baseball leaders other guests at the Wednesday luncheon included G. E. Pryor Jr., Cleburne Huston, Jack W. Watson and W. M. Blackburn of Stamford; Jim Herridge, Foster Cook and Ed Wiggins of Hamlin.

Second sheets at The Herald

Perennial feminine favorite is the cardigan. This sweater in fine novelty cotton knit is designed by Source in such color combinations as honey and black or turquoise and black. The versatile cotton cardigan is completely washable, may be worn with skirts or slacks.

## Veterans May Still Participate in Liberal GI Loans for Homes

Veterans of the Hamlin area may still participate in the liberal GI loans for homes for a limited time.

Homes not affected by GHA credit controls also may be eligible for 30-year, no down payment GI loans providing Veterans Administration receives appraisal requests on or before September 30, 1955, VA announced this week in a release to The Herald.

The affected homes are those for which the necessary paper work had been completed by FHA before their controls went into effect July 30, 1955, VA said.

VA credit requirements, which also became effective July 30, 1955, call for a two per cent down payment and a loan maturity not to exceed 25 years. Those excluded from these requirements may be financed up to 30 years and only the closing costs need be paid.

## Early Work-Outs of Pipers Gratifying to New Coaches

### Vacancies Left by Stellar Gridders Being Well Filled

With the opening of the 1955 football season only a week away, three new coaches at Hamlin High School have had their hands full in whipping their hopefuls into shape for a formidable showing against the tough Winters Blizzards, who have given the Pipers a bad start for the past three seasons.

But the fact that the Winters crew is a bitter first-of-the-season assignment has failed to put a wet blanket on the zeal and enthusiasm of the coaches and the boys.

Head Coach Truman Nix, Line Coach Jim Herridge and Second

### Leaders of Baseball Units Feted by Rotary

Three leaders in the junior baseball activities of the past season were honored at the Wednesday noon luncheon of the Hamlin Rotary Club.

Individual gold-plated trophies were presented by Wesley Nail, Rotary Club president, to Connie O'Neal, Bill Adair and G. C. Black for their work with the Little League, Teen-age and Pony League boys.

It was reported that 150 Hamlin community boys participated in the summer baseball program in the three units.

A fine fuel—is what you'll say about Butane Gas—it's economical too

**Kincaid Gas & Appliance**  
PHONE 489 HAMLIN

### After Inter-Squad Tilt Tonight, Pipers Get To Cases Next Week

After the pre-season starter at the Pied Piper stadium tonight (Friday) the football boys will get down to real tasks next Friday night when they meet their proverbial first game foes, the Winters Blizzards, on the local gridiron.

The complete schedule, which includes five home games and five away, follows:

September 9—Winters at Hamlin.  
September 16—Hamlin at Haskell.  
September 23—Post at Hamlin.  
September 30—Roby at Hamlin.  
October 7—Hamlin at Ballinger.  
October 14—Spur at Hamlin.  
October 21—Hamlin at Colorado City.  
October 28—Hamlin at Anson.  
November 4—Open.  
November 11—Hamlin at Rotan (day game).  
November 18 — Stamford at Hamlin.

String Coach Harrell Blackburn have already worn off their "new look," and their charges are shaping into football players that will make District 4-AA teams sit up and take notice—you just mark our word!

Nine lettermen are returning from last year's aggregation that won four, lost five and tied one game and finished fourth in the District 4-AA race.

A good crop of new boys, including some stand-outs from the Mighty Mice of Hamlin Junior High School, is bolstering prospects for this year's crew, Coach Nix reports.

Loss of such stars as James Boyd and Robert Altum, W. H. Hallmark, Justin Rowland, Tommy Hester and Jack Drummond will be felt on the squad, but some stellar replacements are due to fill in the gaps.

Kenneth Hewett and Douglas Ford, who alternated at right

### Franklin County Exes To Meet September 4

Ex-residents of Franklin County in the Hamlin area are being notified this week of the annual Franklin County reunion, to be held Sunday, September 4, in the Mackenzie State Park at Lubbock.

C. B. Barrett, president of the group, urges attendants to bring a picnic lunch and a card table. The session will begin at 10:00 o'clock, and special programs are planned.

halfback last year, are both back. Ford at 140 and Hewett at 135 pounds are light but speedy. Ford is a junior and Hewett a senior.

Clarence Parker, a one-letter senior, has been looking good in early work-outs at the quarterback spot. Holly Toler, who last year was a good performer, will team with the three aforementioned for the backfield mainstays, it is indicated.

Virgil Wilson, a 150-pounder who has been promising since his junior high days, will probably see some duty in the backfield.

Dee Previtt, tipping the scales at 170 pounds, and Lavere Wilson, also weighing 170 will probably be the tackle starters.

Showing up best at the guard slots so far have been Bobby Brown, 135-pound senior, and Rodney Spaulding, 160-pound senior, lettermen from last year's crew.

Destined to hold down an end chore is Lane Fletcher, gangling junior of 150 pounds, who is plugging for the spot held by his older brother, Robert Fletcher. Don Brown, slated for the other end spot, has sustained injuries that will put him out of the running most of the season. Toler may be shifted to the other wing place.

Merle Smith, a 204-pound junior who was a stellar pivot man on the junior squad, is slated to fight for the center spot.

Others looking good so far are Paige Baize, James Jenkins, L. H. Brown, Glen Williams.

**LOST TO BAYLOR**—Doyle raylor, Baylor's hard luck quarterback, won't be calling the plays when the season opens this year. Traylor broke a bone in his ankle and will be sidelined for at least six weeks. A week before the season started last year he injured his shoulder and didn't play a single down of varsity football. This year's accident occurred at Temple while Traylor was working out with members of the Temple High School team.

### Flennikens Continue Winnings at Rodeos

Those kids of Mr. and Mrs. T. W. Flenniken of Hamlin continue to march off with rodeo honors at area shows.

Recently Tommy, 18-year-old son won a \$218 saddle for his winning the calf and ribbon roping events at the Stanton Junior Rodeo; and won second last week-end in the flag race at the Snyder Junior Rodeo.

Sue, 14-year-old daughter, won third in the barrel race at the Fisher County Rodeo at Roby.

Sonny eight-year-old son, copied first place in the flag race for juniors at the Snyder show.

### GAME TONIGHT

(concluded from page one)  
high school business office or from any member of the booster group.

Coaches Truman Nix, Jim Hartridge and Harrell Blackburn have put the grid hopefuls of Hamlin High School through several days of intensive training, and have divided the most promising members into two well balanced teams for the Friday night classic.

Probable starting line-ups for the two groups were released by the coaches Wednesday as follows:

GREENS			
Name	Pos.	Wgt.	Clas.
Weaver	guard	150	Jun.
L. Wilson	tackle	160	Sen.
Fletcher	end-center	155	Jun.
Haynes	guard	140	Sop.
Murff	end	145	Sop.
Jenkins	tackle	185	Sop.
Hill	end	120	Fre.
Toler	fullback	165	Sen.

### Sixty Boys Report For Grid Practice At Junior High

Sixty boys reported to Coach Harry Martin for fall football practice this week at Hamlin Junior High School. The Junior High teams are composed of boys in the seventh and eighth grades.

Intramural teams have been organized for both the fifth and sixth grade boys. School officials declare that the athletic program in the junior high will be reaching more boys than in past years.

A new field house has been built on the junior high school campus, and the north playground has been put in grass for the boys to practice on. The school has purchased a total of \$796.95 worth of equipment for the junior high teams.

"We will have playing equipment for about 70 boys," Coach Martin declares. "We wish to remind parents that competition for places on the varsity team will be very keen, and that eighth grade boys have a great advantage over seventh grade boys in size and experience. Every boy who pays his school insurance will be insured for all athletic activities."

Hamlin Junior High School will be a member of a Junior High School Athletic Conference this year, reports Principal Marvin D. Carlton. "We will compete not

### UNDECIDED HALF

A small boy hurried home from school one afternoon and announced to his parents that the class he was in was about to split into two divisions.

"I'm in the top one," he explained, "and the other one is for backward readers. But," he went on confidentially, "we don't know who is going to be in the other one, because there's not a kid in the room who can read backward."

only in football, but in boys' and girls' basketball, and track and field events."

### VISIT IN PRATER HOME

Scheduled to visit this week end in the C. C. Prater home in Hamlin are Mr. and Mrs. Charles N. Prater and children, Charles N. Jr., Gary and Sissy, of Odessa and Mrs. W. H. Stephens of Abilene.

You'll enjoy the Labor Day weekend more if you follow these simple rules for **SAFE DRIVING**

Safety Associations recommend that you follow these simple rules to make your Labor Day weekend not only happy, but also safe.

**Observe all posted speed limits. Don't hurry ever.** Enjoy the scenery... and the feeling that you and your family are out for fun.

**Regulate the speed of your car to highway and traffic conditions.** Enjoy taking your time... enjoy relaxing from traffic tension.

**Don't drive too long—stop when you're tired.** That you'll surely enjoy a lot.

**Observe all highway caution warnings—slow down for curves, when descending steep hills, etc.** Enjoy the freedom from fear that these precautions give you.

**Don't drink when driving.** You'll enjoy your trip the more.

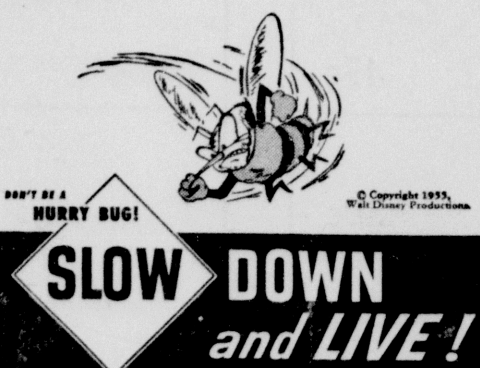

**Follow the golden rule of traffic courtesy: give other motorists the same consideration you'd like for them to give you.**

Enjoy the good feeling that you're helping others to have a good time, too.

Enjoy this Labor Day weekend—please drive safely!

**HUMBLE**

HUMBLE OIL & REFINING COMPANY

Last year in Texas, 29 people lost their lives and 500 were injured in 1400 traffic accidents over the Labor Day weekend. This year, let's bar tragedy from our holiday.

**We're shooting the works -to bring you the biggest bonus-deal in our history**

- 1. Bonus Trade-In Allowance**  
-biggest in our history
- 2. Bonus Buy**  
-because Buick is the thrill of the year in style, power, performance, value
- 3. Bonus Resale**  
-because a Buick always resells high—brings you more money when you trade it in

### Bonus Beauty in Hardtops—

Even the new hir in hardtops—the 4-Door Riviera—is included in our profit-sharing deals today. Shown here is the 236-hp CENTURY, 6-Passenger, 4-Door Riviera, Model 63. Also available in the low-price SPECIAL Series as Model 43.

**YOU'VE** never seen anything like it—we've never seen anything like it—nobody's ever seen anything like the way Buick sales are soaring.

Already, they've shot way past every high-water mark in our history. (And we've got the rest of the year to go!)

So we're celebrating. We're shooting the works. And you're the winner.

On top of the whopping trade-in allowances we've been making all year, we're now adding an extra-big bonus allowance that brings you your new Buick at the lowest figure of the year.

And Mister—what a Buick it is!

Big and brawny—with the bold styling that says Buick and nothing but.

Whip-quick and eagerly able—with V8 power that's been stepped up to all-time highs.

A buoyant and level-riding Buick that travels you over any road in confident ease—carries

you in the balanced comfort of all-coil springing and torque-tube stability.

And—a Buick blessed by the smooth magic of Variable Pitch Dynaflo®—the only transmission patterned on the switch-pitch principle of the modern plane's propeller to give you electrifying getaway response and better gas mileage to boot.

Well—what do you say? Can you deny yourself all those thrills when they come to you for so thrifty a price and with so terrific a trade-in allowance?

Come in—today if you can—while our deal is on and the lid is off.

\*Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, optional at modest extra cost on other Series.

Thrill of the year is Buick—

**Biggest-selling Buick in History!** (So we're trading high, wide—and then some!)

Enjoy cooled, filtered air for less than you think with Buick's **AIRCONDITIONER**  
It's a genuine Frigidaire!
